

View Online at <https://aerobasegroup.com/nsn/5962-01-300-2089>

Operating Temperature Range:

-55.0/+125.0 degrees celsius

Features Provided:

Burn in and synchronous

Inclosure Material:

Ceramic

Inclosure Configuration:

Dual-in-line

Output Logic Form:

Complementary-metal oxide-semiconductor logic

Design Function And Quantity:

1 counter, up/down, binary or decade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
