**End Application:**

Milstar

**Features Provided:**

Programmable and electrostatic sensitive and hermetically sealed

**Inclosure Material:**

Ceramic

**Inclosure Configuration:**

Flat pack

**Criticality Code Justification:**

Feat

**Design Function And Quantity:**

1 parity tree

**Case Outline Source And Designator:**

F-2 mil-m-38510

**Special Features:**

Esd

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A458a0
