

View Online at <https://aerobasegroup.com/nsn/5962-01-319-9031>

Operating Temperature Range:

-55.0/+125.0 degrees celsius

End Application:

Cds, oh-58d observation hel

Output Logic Form:

Transistor-transistor logic

Input Circuit Pattern:

16 input

Specification Data:

07187-8513379-100 manufacturers specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
