End Application:

Milstar

Features Provided:

Programmable and electrostatic sensitive and hermetically sealed

Inclosure Material:

Ceramic

Inclosure Configuration:

Flat pack

Criticality Code Justification:

Feat

Design Function And Quantity:

1 decoder, one of eight line

Case Outline Source And Designator:

F-5 mil-m-38510

Special Features:

Esd

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A458a0
