**Body Length:**

1.400 inches

**Body Width:**

0.270 inches

**End Application:**

4935-01-262-0017 test set, guided

**Features Provided:**

Programmed and monolithic and burn in

**Inclosure Configuration:**

Dual-in-line

**Output Logic Form:**

Transistor-transistor logic

**Product Name:**

Programmed controller

**Memory Device Type:**

Pal

**Terminal Type And Quantity:**

28 printed circuit

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A458a0
