

View Online at <https://aerobasegroup.com/nsn/5962-01-362-1856>

Operating Temperature Range:

-55.0/+125.0 degrees celsius

Features Provided:

W/schmitt trigger and burn in, mil-std-883, class b

Inclosure Configuration:

Dual-in-line

Output Logic Form:

Transistor-transistor logic

Design Function And Quantity:

4 gate, nand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
