End Application:

Milstar

Features Provided:

Hermetically sealed

Inclosure Material:

Ceramic

Inclosure Configuration:

Flat pack

Criticality Code Justification:

Feat

Design Function And Quantity:

1 driver, line differential

Case Outline Source And Designator:

F-5 mil-m-38510

Product Name:

Mckt linear-line driver differen tial

Special Features:

Esd; hci. Selected from p/n g371490-2

Terminal Type And Quantity:

16 beam lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
