Inclosure Material:

Metal and ceramic

Inclosure Configuration:

Leaded chip carrier

Criticality Code Justification:

Feat

Product Name:

208 mhz frequency doubler

Special Features:

Source control drawing

Terminal Type And Quantity:

40 gullwing

Specification Data:

82577-655978 manufacturers source control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
