**Inclosure Material:**

Metal and ceramic

**Inclosure Configuration:**

Leaded chip carrier

**Criticality Code Justification:**

Feat

**Product Name:**

208 mhz frequency doubler

**Special Features:**

Source control drawing

**Terminal Type And Quantity:**

40 gullwing

**Specification Data:**

82577-655978 manufacturers source control

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A458a0
