

View Online at <https://aerobasegroup.com/nsn/5962-01-422-9742>

Features Provided:

Electrostatic sensitive

Inclosure Configuration:

Dual-in-line

Output Logic Form:

Transistor-transistor logic

Design Function And Quantity:

1 driver

Terminal Surface Treatment:

Solder

Special Features:

Hex driver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
