| End Application:                            |
|---|
| Cp-2237 rev- e/i fscm 49956                 |
| Features Provided:                          |
| Programmed                                  |
| Voltage Rating And Type Per Characteristic: |
| 5.0 volts applied                           |
| Memory Device Type:                         |
| Pal   |
| Shelf Life:                                 |
| N/a   |
| Unit Of Measure:                            |
|   |
| Demilitarization:                           |
| Yes - demil/mli                             |
| Fiig:                                       |
