

View Online at <https://aerobasegroup.com/nsn/5962-01-461-4449>

Operating Temperature Range:

+0.0/+70.0 degrees celsius

End Application:

E/i nsn 6625-01-425-2551 fscm 03950

Features Provided:

High precision

Inclosure Configuration:

Dual-in-line

Output Logic Form:

Bipolar metal-oxide semiconductor

Terminal Type And Quantity:

8 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
