Body Length:

0.500 inches

Body Width:

0.375 inches

Body Height:

0.150 inches

End Application:

Air force's control number 6625-nc-d01-8432

Inclosure Configuration:

Leaded chip carrier

Design Function And Quantity:

1 mixer, double balanced

Product Name:

Mixers, double-balanced

Special Features:

Wide bandwidth 20-1500 mhz

Terminal Type And Quantity:

6 printed circuit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A458a0
