| Inclosure Configuration:                    |
|---|
| Flat pack                                   |
| Voltage Rating And Type Per Characteristic: |
| 5.0 volts power source                      |
| Memory Device Type:                         |
| Programmable                                |
| Terminal Type And Quantity:                 |
| 100 pin                                     |
| Shelf Life:                                 |
| N/a   |
| Unit Of Measure:                            |
|   |
| Demilitarization:                           |
| Yes - demil/mli                             |
| Fiig:                                       |
