**End Application:**

Solar array drive subassembly

**Special Features:**

Dual positive-edge-triggered j-k flip-flops with set and reset; 1.5/5.5vac operation and balanced noise immunity at 30 percent of supply voltage; balanced propagation delays

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A458a0
