End Application:
Belgian navy
Product Name:
Pulse width modulation (pwm) controller ic
Special Features:
Topology: boost, buck, flyback, forward, full bridge, half bridge, pushpull; control mode: current, voltage; number of pwm outposts: 2;
duty cycle max: 50%; package/case: 16-soic rohs compliant: yes
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
