**Product Name:**

Octal d-type flip flops with clock enable

**Special Features:**

Operating voltage range of 2v to 6v; outputs can drive up to 10 lstdl loads; storage temp range -65 to 150 degrees c; 8 flip-flops with single-rail outputs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A458a0
