Product Name:

27-line 3-v - 5-v lvd terminator

Special Features:

Input voltage: 6v; signal line input voltage: 0v to 5v; regulator output current: 0.75 a; storage temp range: -55 to 150 degrees c; oper virtual junction temp range: -55 to 150 degrees c; lead temp (soldering, 10 seconds) 300 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A458a0
