**End Application:**

Gaming and multimedia applications

**Output Logic Form:**

Core transistor logic

**Product Name:**

Intel pentium d915 boxed processor

**Special Features:**

Platform-pc; l2 cache size 4mb; l1 cache size 56kb; clock speed 2.8ghz; architecture 65 nanometers; socket type lga775; front side bus speed 800mhz

**Supplementary Features:**

Includes cooling fan; heat sink; enhanced intel speedstep technology; extended memory 64 (em64t); execute disable bit; dual core

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A458a0
