Product Name:

68k intgr com proc, dma

Special Features:

Life cycle descripton code: product maturity/saturatio (4); pb free; rohs compliant; 2nd level interconnect: e3; floor life: 168 hours; moisture sensitivity level (msl) : 3; package peak temperature: 260; parameter: 0.57 micron

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A458a0
