|---------------------------------------------------------------------------------|
| Maximum Power Dissipation Rating:                                               |
| 330.0 milliwatts                                                                |
| Operating Tempurature Range:                                                    |
| -40.0 to 85.0 degrees celsius                                                   |
| Storage Tempurature Range:                                                      |
| -65.0 to 150.0 degrees celsius                                                  |
| Inclosure Configuration:                                                        |
| Dual-in-line                                                                    |
| Design Function And Quantity:                                                   |
| 1 amplifier, current and 1 reference, voltage, analog and 1 comparator          |
| Product Name:                                                                   |
| Micropower, high-side, current-sense supervisor                                 |
| Voltage Rating And Type Per Characteristic:                                     |
| 28.0 volts total supply                                                         |
| Special Features:                                                               |
| Lea (pb) free/rohs compliant package; comparator has a latching output included |
| Terminal Type And Quantity:                                                     |
| 10 pin                                                                          |
| Shelf Life:                                                                     |
| N/a                                                                             |
| Unit Of Measure:                                                                |
|                                                                                 |
| Demilitarization:                                                               |
| No                                                                              |
| Fiig:                                                                           |
| A458a0                                                                          |
|                                                                                 |
|                                                                                 |
|                                                                                 |
