liilength:

2.0 inches

liiheight:

0.95 inches

liiwidth:

2.10 inches

Storage Temperature Range:

-65.0 to 150.0 degrees celsius

Features Provided:

High performance and high speed

Inclosure Material:

Silicon

Terminal Type And Quantity:

5 leadless

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
