Overall Length:

3.000 inches

Overall Height:

1.000 inches

Overall Width:

2.000 inches

Component Type And Quantity:

6 capacitor and 2 crystal and 1 oven and 1 printed wiring board

Special Features:

Mounting method and configuration: four holes irregularly spaced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
