

View Online at <https://aerobasegroup.com/nsn/5963-01-174-1910>

Special Features:

Electrostatic discharge sensitive

General Description:

4.060 in. Lg, 2.060 in. W; 0.585 in. H; corrosion resistant; 72 pin, 30 function; operating temp m55 to p85 degrees c; humidity rqmts per mil-std-202, method 106; input signal 10 v p/m 5 v; input impedance 1.25 kilohms min; powered externally p/m 15 v dc supply, and p5 dc supply; 70 ma maximum current ea 15v dc supply, and 320 ma maximum ea 5 v dc supply

Fsc Application Data:

An/uys- (v)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
