Average Life Measurement:

Not rated

End Application:

E-3 esm prod grp b

Basic Shape Style:

Rectangular or square

Inclosure Type:

Encased

Installation Design:

Mechanical

Circuit Construction Type:

Solid state

Supplementary Features:

This is a set of five matched units, a single unit is part number 4000-40092-01 or -05

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
