Mounting Method:

Screw

End Application:

Onboard 47 ft mlb coast guard boats

Regulation Method:

Line voltage

Output Current Type:

Dc

Case Material:

Steel

Voltage In Volts:

24.0

Special Features:

Centerfielder; alternator load sharing; balancing system; temperature sensor; system negative battery alarm; terminal quantity: 9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541a0
