Operating Temperature Range:

-34.0/+85.0 degrees celsius

End Application:

Monitor vib pa20397/2190; vibration monitor assembly

Product Name:

Proximitor sensor

Special Features:

width is 0.85 inch; works with any standard 3300 series 5 mm or 8 mm probe in 5 m, 9 m, and 14 m system lengths; frequency response 0 to 12.5 k hz

Supplementary Features:

Item is rectangular in shape; length is 5.00 inch: height is 4.15 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A32200
