**Operating Temperature Range:**

-34.0/+85.0 degrees celsius

**End Application:**

Monitor vib pa20397/2190; vibration monitor assembly

**Product Name:**

Proximitor sensor

**Special Features:**

width is 0.85 inch; works with any standard 3300 series 5 mm or 8 mm probe in 5 m, 9 m, and 14 m system lengths; frequency response 0 to 12.5 k hz

**Supplementary Features:**

Item is rectangular in shape; length is 5.00 inch: height is 4.15 inch

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A32200
