Overall Height:

2.63 inches

Overall Width:

4.3 inches

End Application:

Boiler control system p/n 06036-cc-m3 onboard 378 foot whec class coast guard vessels

Product Name:

Versamax analog input module

Special Features:

8 channel, 15 bit differential current, input module

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
