End Application:

Ddg1000 tfn control panel, style 3540

Inclosure Type:

Encased

Operating Control Method:

Automatic

Installation Design:

Module

Control Type:

Local or remote

Circuit Construction Type:

Electromechanical

Product Name:

Line interface module

Special Features:

Item listed at 230v and 15a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A32200
