Overall Height:

4.65 inches

Overall Width:

1.38 inches

Overall Diameter:

3.43 inches

Product Name:

Compact current output, individually - isolated analog module

Special Features:

Resolution: 16 bits (unipolar); heat dissipation: maximum 2.68w; short-circuit protection: 21 ma; rated working voltage: 30 v ac/30v dc; module location: bin rail or panel mount; wire size (22-14 awg) solid, (22-16 awg) stranded

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A32200
