Overall Length:

6.219 inches

Overall Height:

4.000 inches

Overall Width:

6.000 inches

Component Quantity:

4

Locking Device:

Not included

Component Controlling Agency:

Mil std, freed, clarostat, jensen

Component Name:

Switch, transformer, attenuator, loudspeaker

Component Identifying Number:

Ms-90310-231, tpa-1, c18t54-600, +3v3 part no.

Special Features:

Wall or table mount; surface treatment chemical film, mil-c-5541, class 1

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-a
