Switch:

Not included

Impedance Rating:

Between 40.0 ohms and 80.0 ohms

Earphone Element Type:

Dynamic

Operating Current Rating:

6.0 milliamperes

Unpackaged Unit Weight:

242.0 grams

Power Source:

Battery

Earphone Impedance Rating:

Between 85.0 ohms and 165.0 ohms

Earphone Dc Resistance Rating:

Between 26.0 ohms and 40.0 ohms

Microphone Element Type:

Dynamic

Cord:

Not provided

Telephone Type Plug:

Not provided

Connector Termination Type:

Receptacle

Special Features:

Includes volume control in handle; 8.250 in. Lg by 2.830 in. W by 1/330 in. Thick; operating voltage range 2.0 to 6.5 vdc; plastic handle, high impact

Precious Material And Location:

Connector contact surfaces gold

Precious Material:

Gold

Fsc Application Data:

Headsets, handsets, microphones and speakers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T332-c
