**Overall Length:**

15.500 inches

**Overall Diameter:**

1.375 inches

**Usage Design:**

Adapter used to amplify sound formicrophone and transform power for headset

**Special Features:**

Transformer input 600ohm load, transformer output 8 ohm load, amplifier input 350microvolts, amplifier output 0.330 to 0.550volts, max weight 80z; body material: metal

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A536x0
