Impedance Rating In Ohms:

24.0

Connector Manufacturer Part Number:

M842/2-2

End Application:

Navy equipment

Headset Cord Length:

36.0 inches

Channel Monitor Capability:

Any acceptable

Earphone Quantity:

2

Earphone Interconnection Arrangement:

Parallel

Headset Connecting Cord Termination Location:

At center connection

Signal Input Terminal Type:

Plug

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06800
