Power Rating:

400.00 watts normal

Voice Coil Diameter:

63.0 millimeters

Usage Design:

Indoor

Special Features:

230 vac; 50 hz; 1.25 amps; operating temperature -10/+45 degrees c; one driver; asymmetrical trapezoidal design; polypropylene material with grey textured finish; two handles on sides and one on top; 660 mm h x 390 mm w x 376 mm d

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11600
