Overall Length:

26.250 inches

Overall Height:

19.500 inches

Overall Width:

13.750 inches

End Application:

Trainer, flight compartment, tornado, cae electronic gmbh

Power Rating:

250.00 watts normal and 1000.00 watts peak

Special Features:

Frequency range - 60 hz to 17 khz; impedance - 8 ohms

Style Designator:

Rectangular/square enclosure

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11600
