Overall Length:

11.000 inches

Overall Height:

7.000 inches

Overall Width:

5.250 inches

Installation Design:

Portable

Special Features:

Frequency response is 150hz - 18khz. Two neolite s5n-8 neodymium drivers, ferrofluid cooled. Mic stand socket. 200 watts continuous, impedance is 16 ohms, sensitivi type 96db @ 1 watt/1 meter. 4.5 lbs

Style Designator:

Rectangular/square enclosure

Supplementary Features:

Inputs: speakon and two 1/4 inch jacks enable hot spots to be "daisy chained"

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11600
