Terminal Quantity:

2

Accessory Components:

Dust cover

End Application:

7663-41-195-3711

Power Rating:

5.00 watts normal

Transducer Diameter:

88.0 millimeters

Transducer Type:

Cone

Installation Design:

Nonportable

Mounting Method:

Unthreaded hole

Special Features:

Includes: rear 3u speaker panel; amplified speaker assembly box frame; amplified speaker assembly rear cover; amplified speaker assembly amplifier board mount; speaker grill plate; speaker, 88mm, dia, mylar cone; audio amp, 5 watt, 1-channel, 12vdc, pre-assembled; potentiometer, audio taper (.335 shaft length, 50k); noise suppressor, pyramid nw-10; eagle plastic knob, black

Style Designator:

Round

Supplementary Features:

Cage's dwg name: fodms-ng maintenance group amplified speaker assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11600
