Accessory Components:

Cable

Impedance Rating:

300.0 ohms

Output Sensitivity Rating In Decibels:

-52.0

Polarity Connection:

Required

Shock Mount:

Not provided

Special Features:

1.8 micron pure aluminum ribbon element; large ribbon geometry design; rare earth neodymium magnet; vox-velocity optimized extension for superior sensitivity and output

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06400
