Storage Temperature Range:

-31.0/+140.0 degrees fahrenheit

End Application:

Next generation radar (nexrad)

Product Name:

Speaker, external

Special Features:

Nsn restricted to use by the nws depot team only; used on open principle user processor (opup)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11600
