Switch:

Not included

Dc Resistance Rating In Ohms:

60.0

End Application:

Nsn 5865015927907

Earphone Quantity:

2

Controlling Agency:

David clark

Earphone Impedance Rating:

60.0 ohms

Earphone Controlling Agency:

71483

Earphone Identifying Number:

41032g-03 part no.

Earphone Mounting Method:

Any acceptable

Microphone Mounting Facility:

Any acceptable

Connector Name:

Any acceptable

Connector Identifying Number:

40599g-96 part no.

Connector Controlling Agency:

71483

Product Name:

Headset-mic, pc, usb

Special Features:

Element type electric;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T332-b
