Terminal Quantity:

2

Terminal Type:

Pin jack

Body Diameter:

15.000 inches

Frequency Response Range In Hertz:

+45.0 to 30000.0

Power Rating:

400.0 watts normal and 800.0 watts peak

Voice Coil Diameter:

2.375 inches

Usage Design:

Indoor

Installation Design:

Portable

Impedance Rating In Ohms:

8.0 armature coil

Product Name:

Subwoofer

Special Features:

Lightweight rugged injection molded gray plastic enclosure; black powder coated steel grill; 50 ounce magnet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11600
