**Accessory Controlling Agency:**

Diving unlimited international inc

**Product Name:**

Diving weight & trim system

**Special Features:**

Dui's patented system uses a pull-cord system that secures the weigh pockets. A large, easy grip handle can be pulled to dump the weights. Benefits of this dui weight & trim system are: the diver can dump half of the weights at a time; as the weights are on a lanyard, once the handle is pulled, the weights can be held away from the body; the dui weight & trim system can be worn under most any bc, and is perfect for both wetsuit and drysuit diving.
