## NSN 5970-00-148-1143

Electrical Insulation Sleeving - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5970-00-148-1143

Wall Thickness:
Between 0.012 inches and 0.018 inches

Reliability Indicator:
Not established
Inside Diameter:
Between 0.129 inches and 0.141 inches

Overall Length:
Between 0.480 inches and 0.510 inches

Environmental Protection:
Any acceptable

Any acceptable			
Material:			
Plastic,	polytetra fluoro et hylene,	ams	3655

**Material:**Plastic cross-linked polyolefin

Style Designator:

Nonshrinkable

Flexibility:
Flexible
Color:

Shelf Life:

N/a

**Unit Of Measure:** 

Demilitarization:

No

Fiig:

A22500
