Wall Thickness:

0.025 inches

Inside Diameter:

0.688 inches

Overall Length:

100.000 feet

Environmental Protection:

Mildew resistant

Min. Tensile Strength (psi):

1800 pounds per square inch

Special Features:

350.0 volts per military of thk

Flexibility:

Flexible

Color:

Clear

Material:

Plastic, vinyl, mil-i-7444

Style Designator:

Nonshrinkable

Departure From Cited Designator:

As modified by dimensions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22500
