**Wall Thickness:**

0.025 inches

**Inside Diameter:**

0.688 inches

**Overall Length:**

100.000 feet

**Environmental Protection:**

Mildew resistant

**Min. Tensile Strength (psi):**

1800 pounds per square inch

**Special Features:**

350.0 volts per military of thk

**Flexibility:**

Flexible

**Color:**

Clear

**Material:**

Plastic, vinyl, mil-i-7444

**Style Designator:**

Nonshrinkable

**Departure From Cited Designator:**

As modified by dimensions

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A22500
