| Identification Code Color:                 |
|--|
| Green                                      |
| Width:                                     |
| 36.000 inches                              |
| Thickness:                                 |
| 0.031 inches                               |
| Length:                                    |
| 3.000 feet                                 |
| Impregnation Material:                     |
| Plastic, epoxy resin                       |
| Adhesive:                                  |
| Not provided                               |
| Material:                                  |
| Plastic, epoxy, mil-i-24768/3, type geb    |
| Material:                                  |
| Plastic epoxy                              |
| Specification Or Standard:                 |
| S form and geb type                        |
| Departure From Cited Document:             |
| As modified by width, length and thickness |
| Departure From Cited Designator:           |
| As modified by identification code color   |
| Shelf Life:                                |
| N/a  |
| Unit Of Measure:                           |
|  |
| Demilitarization:                          |
| No   |
| Fiig:                                      |
| T388-b                                     |
| Mil-std (military Standard):               |
| Mil-p-18177 spec.                          |
|  |
