Environmental Protection:

Acid resistant and grease and heat and lubricating oil and salt water resistant and moisture resistant

Unit Package Quantity:

1

Unit Package Type:

Can

Drying Method:

Baked

Dry Dielectric Material Voltage Rating In Volts Per Mil Thickness:

1900.0

Color:

Transparent-invalid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T388-c
