Inside Diameter:

Between 0.032 inches and 0.043 inches

Outside Diameter:

0.130 inches

Overall Height:

0.080 inches

End Configuration:

Both ends squared

Special Features:

90 degree v groove one end

Material And Location:

plastic, tetrafluoroethylene reinforced err-100 err-100

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A007a0
